Maine Preservation, founded in 1972, is a statewide nonprofit organization dedicated to promoting and preserving historic places, buildings, downtowns and neighborhoods—strengthening the cultural and economic vitality of Maine communities.

We provide technical assistance and financial support for groundbreaking projects across the state. We advocate for policies that promote historic resources and educate the public about the economic benefits of preservation. We highlight unique community assets and drive revitalization while promoting local entrepreneurship and expanding tourism. We prove that the rehabilitation of historic buildings supports new jobs, revives downtowns and neighborhoods, and creates housing and business opportunities.

Join us today and help support our mission!

EDUCATION

Our in-person workshops and online public programs serve as resources for preservation professionals and property owners alike. They tackle topics such as seasonal maintenance, historic structures reports, conditions assessments and inspections, architectural photography, National Register nominations, and the Secretary of the Interior Standards, to name a few. In addition, we are dedicated to development of the next generation of preservationists through our **Summer Fellowship Program**. We provide a unique, hands-on introduction for students in historic preservation, a related field, or a qualified trades program.

TECHNICAL ASSISTANCE

Our **Field Services Program** offers a range of advice on planning, property condition evaluations, building assessments, and energy efficiency reviews. We help direct individuals and organizations to allied preservation professionals and targeted funding resources.

FINANCIAL SUPPORT

Since 2020 Maine Preservation has administered \$550,000 in preservation grants to 61 projects throughout the state. This funding was made possible through grants from the Northern Border Regional Commission and The 1772 Foundation.

STEWARDSHIP

Maine Preservation monitors and reviews alterations to 34 private properties through easement agreements. We also work with property owners throughout Maine to help them sell their special places to new owners who agree to rehabilitate and maintain them through our **Protect & Sell program**.

ADVOCACY

We advocate on the state and national level for sound preservation policy to support the rehabilitation of Maine's historic resources. We represent Maine as advocacy captains for the National Trust for Historic Preservation, Preservation Action, and the National Conference of State Historic Preservation Offices. We also promote the work of our peers through our **Maine Preservation Honor Awards**, which recognizes excellence in historic preservation leadership, rehabilitation and craft, and unites more than 150 representatives of the preservation industry in Maine for an annual celebration. Our **Most Endangered Historic Places** list focuses statewide media attention, boosts local advocacy efforts, and enlists engagement to save threatened assets.
